

INDEX OF AERIAL INFRARED VIDEO

WILANSKY v. PAUL D. BAKKE, et. al, Civil No. 3:23-CV-00142

Aircraft_nov20	VIDEO: Aerial Infrared video of protest scene at Backwater Bridge on November 20, 2016 from 17:58:22 to 22:05:40 (military time).
<u>Meter</u>	
0:03:00	Semi truck backing up to remaining burnt dump truck at barricade along with protesters behind Semi and shield wall; protesters climbing under and around burnt dump truck in attempt to attach to Semi. The same semi pulled another burnt dump truck away from barricade shortly before
0:05:48	Law enforcement successful in repelling initial assault on barricade as Semi moves south onto bridge
0:06:50	Small group of protesters cross onto north shore of Cantapeta Creek from Turtle Island to Turtle Hill and scale hill where law enforcement positioned with flood lights – site of prior large scale assaults by protesters. Protesters return to Turtle Island after being confronted by law enforcement located on top of hill
0:20:37	Protester numbers on bridge begin to swell and shield wall advances on law enforcement barricade
0:21:29	Very few law enforcement officers on the scene – greatly outnumbered by hostile protesters aggressively advancing on barricade
0:22:56	Brief camera image not in infrared (its dark out)
0:24:28	Protesters' shield wall reaches burnt dump truck and protesters hide behind and around burnt truck, which is chained to and a part of law enforcement's barricade
0:25:54	Law enforcement successful in repelling second assault on barricade as protesters retreat – law enforcement greatly outnumbered
0:33:00	Protesters with shield wall advance on law enforcement barricade for third assault – bridge full of protesters versus handful of law enforcement – this cycle repeats numerous times
0:35:00	Protesters crawling under and around burnt truck
0:47:48	Water deployed for first time; law enforcement greatly outnumbered, number of protesters continues to increase, refusing to back away
0:40:30	Protester crawling under burnt truck
0:43:20	Still very few law enforcement officers on scene
0:45:00	Brief camera image not in infrared

0:54:50	Water deployed – protesters choosing to remain in range of water; insufficient water force to knock anyone down or even push anyone back; limited range
0:55:55	Protester numbers continue to increase; some law enforcement reinforcements have arrived, but still overwhelmingly outnumbered. Protesters extending into ditches on east and west side of Highway 1806 on north shore
1:00:30	Protesters directly up against law enforcement barricade
1:09:00	Law Enforcement still greatly outnumbered
1:12:07	Brief camera image not in infrared
1:12:19	Protester vehicles on the bridge amongst protesters near the burnt dump truck
1:15:00	Law enforcement repels bulk of third assault
1:17:35	Mobile field force line forming along barricade as protesters return again; law enforcement still overwhelmingly outnumbered
1:32:30	Protesters begin proceeding west, cross country, in attempt to flank law enforcement
1:38:00	Protester numbers swell on west flank; confronted by law enforcement
1:41:50	Protester throwing CS canister at law enforcement (this occurs numerous times throughout the riot: note, other debris thrown at law enforcement will not appear in infrared video as no heat differential)
1:49:12	Protester surge on west flank
1:59:37	Protesters throwing CS canisters at law enforcement
2:03:00	Law enforcement still overwhelmingly outnumbered by protesters
2:20:30	Fires burning on high ground to the west of Bridge
2:20:55	Protester observed setting fire to west of Bridge on high ground
2:59:40	Protester throwing CS canister at law enforcement
